**FOR RELEASE:** May 1, 2020

**Pipe Lining Supply adds a new Technical Representative in North Eastern USA**

**Philadelphia PA** - Pipe Lining Supply is pleased to announce the recent hire of Steve Maszczak to the position of Technical Representative serving the Northeastern USA.

Steve brings over 10+ years of CIPP experience to Pipe Lining Supply. This experience started as a CIPP technician, moved to a CIPP foreman, and the last 7 years as sales and project management. “With Steve’s extensive background of CIPP along with his sales/project management skills, he was an excellent candidate to grow our presence in the Northeast region.” states owner John Heisler.

Steve will support Pipe Lining Supply’s customer base with training, advice, and sales for CIPP lateral lining and AIPPR pipe coating projects for drain, waste, and vent in Pennsylvania and surrounding states.

Pipe Lining Supply is a leader in the manufacturing and distribution of materials and equipment used in the lateral sewer lining and DWV rehabilitation business. The company was formed to support customers who need training and support as well as the equipment and materials to rehabilitate aging sewer laterals and pipe to restore your pipes to LIKE new condition, extending pipe life 50+ years!

Our goal is to serve the industry with a complete warehouse stocked with the best products at the lowest delivered cost on a timely basis.
