

NASSCO Pipeline Magazine

2025 Advertising Rate Card

NASSCO's Pipeline Magazine, a quarterly publication, is read by nearly 7,500 industry leaders in underground construction technology while offering advertisers one of the lowest costs per thousand available. With U.S. and international distribution, the Pipeline reaches NASSCO members which include the public agencies and utilities who own the wastewater systems, contractors who do the work, consulting engineers who recommend the technologies, and manufacturers and suppliers of trenchless technology equipment and supplies. But that's just the beginning. The Pipeline reaches other industry change-makers aligned with NASSCO's mission to set standards for the assessment, maintenance and rehabilitation of underground infrastructure and to assure the continued acceptance and growth of trenchless technologies.

For more information email Support@NASSCO.org.
